

THE LURE OF KILLARNEY

Killarney in County Kerry is one of Ireland's top travel destinations and well known for its quaint scenery, charming shops, superb restaurants and cosmopolitan appeal. During warm-weather months, lively on-street musical entertainment complements the meandering of visitors and locals alike. Killarney is where art, nature, the modern and the ancient converge.

The three main lakes of Killarney occupy a broad valley stretching south between the mountains and are all part of Killarney's National Park. The Europe Hotel & Resort lies on the shores of the Lower Lake, which is the closest lake to Killarney Town.

ACCOMMODATIONS WITH A VIEW

The Europe's luxurious guest accommodations are generously sized and offer superb views of the Killarney Lakes, the Killarney Golf & Fishing Club or the lush, meticulous gardens. Spacious balconies allow guests to enjoy the view from the privacy of their quarters. All rooms are well appointed with the expected conveniences modern travelers demand.

ENCHANTING ACTIVITIES

At The Europe, guests are uniquely situated to explore the sights, sounds and experiences of Killarney and County Kerry. Enjoy a traditional jaunting car tour of scenic Killarney including a visit to historic Muckross House, where Queen Victoria stayed during her 1861 visit to the area. Tee it up at the Killarney Golf and Fishing Club, site of the 2010 Irish Open, or any number of other classic courses, including Beaufort, Tralee, Ring of Kerry, Waterville or Ballybunion.

Fishing on the lake at The Europe can be arranged from the hotel's private pier, or drop a line for trout and salmon in the River Laune which flows through the estate at sister hotel, Hotel Dunloe Castle. The Europe is famous for its own Austrian Haflinger Ponies which can be seen grazing on the hotel grounds. Guests may enjoy complimentary horseback riding along sheltered brideways during their stay. Guided treks through the Killarney National Park also can be arranged with Killarney Riding Stables.

Roam through deserted countryside, get off the beaten track and let your imagination loose amongst luscious green hills and heather-coated Kerry mountains. There are many designated walking paths in the area – everything from a hike up Ireland's highest mountain to a gentle stroll through Killarney's National Park.

ESPA IN KILLARNEY

The Europe Hotel & Resort is home to ESPA in Killarney, one of Ireland's largest and most luxurious destination spas. Every aspect of this spectacular spa has been designed to provide a genuinely holistic and restorative experience with an emphasis on the magnificent views that are simultaneously breathtaking and calming.

Active Level facilities are complimentary to all guests and include indoor and outdoor vitality pools, Technogym fitness studio and classes, and the unisex Thermal Suite featuring a salt water pool, lifestyle showers, sauna, steam room, ice fountain and relaxation area with loungers.

ESPA at The Europe has created a collection of powerful and highly effective signature treatments that combine traditional European and Eastern Philosophies, releasing tensions and restoring a sense of absolute well being. The expertise of highly qualified therapists, in combination with ESPA products – known for quality, purity and integrity of the natural ingredients – result in a truly personal and luxurious experience.
